

Florient

Dishes

1. Ø 10 cm
2. Ø 18 cm
3. Ø 30 cm

Use

The handmade Florient pottery is dishwasher and microwave-proof, but isn't however oven-proof.

The bright Florient pottery is handmade and painted by artist Nimet in her Turkish atelier. White river clay is the key component of this new range, upon which an oriental floral pattern is made. The pattern relief is tangible. Every single item is unique and proudly signed by the artist herself.

The Florient crockery range is available in five vivid colours, with a white pattern. The Turkish-blue version has a white background with a coloured pattern.
